

NFL-NFLPA STATEMENT ON TITANS AND VIKINGS FACILITIES

On Tuesday morning, the Titans COVID testing results returned three new player positives and five new personnel positives. The Titans will suspend in-person club activities starting today. Likewise, the Vikings, who played the Titans on Sunday, will also suspend in-person club activities. Both clubs are working closely with the NFL and the NFLPA, including our infectious disease experts, to evaluate close contacts, perform additional testing and monitor developments. All decisions will be made with health and safety as our primary consideration. We will continue to share updates as more information becomes available.
